

ABRASION & CHEMICAL RESISTANCE

- Aerospace & Architectural
- Automotive & Mass Transit Glazing

High Performance Chemistry

SDC Technologies, Inc. (SDC) is the recognized global leader in the manufacturing and distribution of premium proprietary abrasion resistant coatings. Leveraging the science of Sol-Gel Chemistry has led to the development of new technologies that transform the performance of coating. SDC's innovative coating solutions combine superior scratch and chemical resistance with exceptional product stability.

Proven Industry Reputation

With continuous product innovation since 1986, SDC's proprietary technologies are trusted by the world's most prestigious brands. CrystalCoat coatings were designed to elevate your brand by enhancing the durability and quality of your products. SDC is certified to ISO 9001:2015 (Quality) and ISO 14001:2015 (Environmental) standards.

Patented Technology

CrystalCoat® MP-100 and MP-101 deliver best-in-class abrasion and chemical resistance, as well as outdoor environmentability on multiple substrates. Uniquely formulated for aerospace, architectural, and automotive applications where optical clarity and durability are required. Capable of meeting your dynamic production needs, MP-100 (low solids) and MP-101 (high solids) are multipurpose, thermal cure coatings suitable for flow or dip coat application.

SDC's optically clear coatings are formulated to maximize the performance and durability of architectural and transportation applications. These revolutionary multipurpose coatings are highly versatile, and can easily be integrated into your coating operations, requiring no premixing. CrystalCoat's easy to use single coat application, and long service life eliminates the need for frequent tank changes outs, delivering outstanding value.

CrystalCoat® MP-100 and MP-101

PRODUCT OVERVIEW

- Exceptional Optical Clarity
- Flow or Dip Coat Application
- Ideally suited to acrylic substrates
- Premium Outdoor Weatherability and Durability

PRODUCT FEATURES

Description	Typical Values
Abrasion Resistance	Excellent
Refractive Index	1.43
Chemical Resistance	Excellent

PERFORMANCE FEATURES

- Delivers best-in-class abrasion and chemical resistance
- Excellent product durability and stability
- Easy to use single coat system, meets demanding industry test requirements
- Exceptional adhesion to acrylic substrates

PRODUCTION BENEFITS

- Manufactured under stringent ISO 9001:2015 quality standards, enhancing coating performance
- Long product service life reduces the need for frequent tank change-outs
- CrystalCoat streamlines manufacturing, enhancing yields and profitability
- Access to SDC's global technical support team for your product validation and application requirements
